PATRIOTIC SYRACUSE WOMEN.

THEY MAKE STIRRING SPEECHES AND

The same spirit of patriotism that animated the women of 1776 and 1861 has broken out in Byracuse, and the inhabitants of the saline city are ready for any emergency whereby their loyalty may

for any emergency whereby their loyalty has stand approved. Never in the history of the Woman's Union did their hall make such a patriotic appearance as characterized it a few days ago, when 200 women gathered to organize a Soldiers'

Relief Association. The ceiling was draped with broad bands of red, white and blue. Draperles of the same hung from the windows, and an im-mense flag was arranged over the stage. On the

portrayed the efforts of the women of Syracuse during early war times. "This country," said Mrs.

Teall, "has always furnished its quota of brave men. It did in '61 and it will again in '98. Almost

immediately with the departure of the Butler

The annual meeting of New-Hampshire's Daugh-

women. Mrs. Dyer enjoys the distinction of being and having been president of more influential clubs than any other woman in the country. For nine years she has been president of the Ladies Ail Association, with its 1:200 members; she its president of the famous Wintergreen Club, and over the Woman's Charity Club, with its 700 members, she has presided for ten years. It is the arduous duties and heavy responsibilities of this latter organization that have led her to relinquish the government of New-Hampshire's Daughters, so much to their regret.

A concert under the direction of Mrs. Richmond will be given next week, either at Sherry's or at Hotel Majestic, rooms having been placed at the disposal of the auxiliary at both these places. The object of wauxiliary is to furnish clothing, tobacco, stationery, reading matter, and such articles as are not provided for the soldiers by the

Government. Any woman may join who is interested in the work.

After the meeting adjourned Mrs. Doremus came in, and upon learning that she had been elected first vice-president said that she must decline as she had so much other patriotic work on hand.

The auxiliary received over one hundred letters during the week from people who wish to be of during the week from people who wish to be of assistance to it. sued the following circular yesterday:

We have been informed that it has been proposed by the Surgeon-General of the Army that the American National Red Cross should charter and equip a vessel to be fitted up as a Red Cross hospital-ship to supplement the work of the National hospital-ship Solace. It is not yet known whether this plan will be adopted. Should it be, the Columbia University Auxiliary has determined to co-operate in equipping the vessel, especially with the necessary medical and surgical supplies. Should this plan fail, the auxiliary will use whatever may be sent to it to the best possible advantage. It is carnestly hoped that a sum may be raised by the auxiliary to enable it to aid effectively anything that may be undertaken. Money may be sent to the treasurer, Mrs. Munroe Smith, One-hundred-and-fifteenth-st. and Riverside Drive, or to any of the committee.

The American Red Cross is planning an interna tional jubilee in honor of Miss Barton, and several of the treaty nations have signified their willingness to participate in such a demonstration. Senato Platt has introduced a bill into the Senate author izing the President to invite the treaty nations to send regiments to take part in the jubilee.

The Executive Committee of the National Amer ican Red Cross Relief Committee will hold a conference with the General Committee on Auxiliaries at 3 o'clock this afternoon at the office of St. John's Guild, No. 501 Fifth-ave. The committee sent out overal thousand more appeals yesterday.

PATRIOTIC PLAINFIELD.

DAUGHTERS OF THE REVOLUTION MEET AND SOCIETY WOMEN GIVE RED CROSS BENEFIT.

sinfield, N. J., has been bubbling over with pairiotism this last week, the climax being reached Thursday. Fifteen chapters of the Daughters the American Revolution of New-Jersey held their spring meeting on that day, the delegates being the guests of Continental Chapter of that About a hundred delegates and fifty guests

were in attendance. Mrs. David Depue, the State Regent, presided. Mrs. Donald McLean, Regent of the New-York City Chapter, was present and addressed the meeting. Resolutions expressing sympathy with the Cubans and declaring the present war justifiable and the cause just and right were unanimously adopted. The members of the chapters pledged themselves to give fi each at once to relieve immediate suffering, and more money later. In the absence of adjutant-General Stryker, who was detained, Mrs. Stryker made an address in his stead. In the evening Music Hall was crowded to its utmost apacity by a fashionable andience to witness a tenefit performance given by Weber and Fields, comedians, for the aid of the Red Cross fund. The hall was cluborately decorated by a number of arominent society women, under the direction of George Wharton Edwards, the artist. The entertainment was given under the patronage of Mayor Fisk and a hundred prominent citizens.

The story of what that banner has done in breaking fetters, uniting divisions, kindling hopes. so that the downtrodden all over the earth take courage as they gaze upon it, could not be written even in many volumes. Surely then it should be held in reverence. Was not its blue taken from the great banner of the Scotch covenanters and are not its galaxy of stars a sign of eternity? Its red also, the emblem of defiance, does it not typify our noble Army? And the white, the emblem of

Paisied should be the hand that would strive to injure the beauty of this priceless banner of the free! As it was an American woman who made our first starry ensign, so likewise it was a Massaour first starry ensign, so likewise it was a Massa-chusetts maiden who made the lone star flag of Cuba, and it seems almost prophetic that it was set in a fleid of red, typical of the blood that must be shed to give the people their liberty. In our mighty banner the lone star has found a powerful friend, and it is for Americans in this great con-test for the liberation of a people to not only love and respect, but to reverence and hold sacred their country's flag. Truly yours, New-York, May 18, 1888. J. C. PUMPELLY.

Sir: I have read with much interest the discussion relative to the use of the American flag for purposes other than as a flag or banner. I think in this matter the motive of the individual is the only basis on which a fust decision could be ren-dered. The only objection that could with justice

On seeing the picture of the flag pillow in The Tribune, closely following upon the death of the first martyr to the cause, Ensign Bagley, it occurred to me that there would be no more fitting resting-place for the head of the hero in his last sleep than a pillow of that flag for the principles of which he gave his life. Truly yours,

To the Editor of The Tribune. To show what heartfelt patriotism may really be at the bottom of seemingly frivolous decorations here is a description of the private room of a young woman who has bravely seen her flance sail away to take his part in the strife that shall help on to victory a just cause. I felt that it was a descration of the National emblem. I think the Star Spangled Banner should be held in every home in America in the same veneration as the Bible, and who would like to see the leaves of a Bible used in any way but inside its cover? It seems to me that the very least that can be done by the mothers at home will be to hold the flag in such veneration that we could not make a cover for a cushion with it or see it done without a thrill of pity and a feeling of shame for such thoughtlessness.

When all the "brave at home" realize what the flag is to the brave boys who have left their homes to fight for it, they will not see it made into a pillow-cover without a protest.

MR. PARNELL IS GRATEFUL.

Miss Beesle O'Byrne has just received a letter from John Howard Parnell expressing his grati-tude for the tribute paid to his mother's memory through the American press generally, as well as for the "memorials" held in her honor. Mr. Parnell states that in the bereavement of his family and himself he felt that the sympathy of the Americans was with them in their sorrow, as well as that of the Irish people in many lands.

that of the Irish people in many lands.

There was some contention as to where Mrs. Parnell should be buried, but her son conquered all opposition and had her body placed in Glasnevin Cemetery oeside her son. Charles Stewart Parnell. Being made aware of a movement among Irish women to have the body of Fanny Parnell, the poetess, exhumed and removed from where it was buried some years ago, in Boston, and sent to Ireland. Mr. Parnell states that it is the wish of his family and himself that his sister's body should remain where it is for the present, as the family will make arrangements for it to be laid beside that of her mother later on.

Miss Beesle O'Byrne is gathering material for the memoirs of Mrs. Delia T. S. Parnell.

To the Editor of The Tribune. Sir: "Josiah Allen's Wife" and Miss Clara Barton have voiced the sentiments of millions of people when they protest against the use of the American flag for any purpose that tends to destroy its sacredness. As a National emblem it has inspired more unselfish patriotism, a broader National enthusiasm and more of that sentiment which ennobles humanity than any flag that ever floated

It is in this den that she sews, writes, reads, dreams and prays for the safe return of her soldier boy. Can any one say she is not patriotic or that she degrades the flag by using it as she does?

So enthusiastic were the women that in a few short weeks 649 shirts for the soldiers had been made, besides work bags and other necessary articles. Entertainments were given and enthusiasm ran high. "And," concluded Mrs. Teall, "If the daughters of '95 expect to do as much as their mothers did, they must get out and hustle, according to the saying of the small boy."

Mrs. Teall advocated better acquaintance and co-operation with women of adjacent towns as being important factors in the formation of a successful relief organization.

At the close of the meeting it was decided to form a Soldiers' Relief Association, and a committee on constitution was appointed, to report next Tuesday afternoon at 3 o clock at the Woman's Union.
